All New SUPER Splendor

All New Super Splendor

"Its not always that you will come across something that redefines your experience of riding a bike. Its rare to get a perfect combination of unbeatable mileage and power. Its only when you have the strength of all black alloys and a dash of chrome that commands attention combined with the trust of ever reliable Hero Honda ASFS engine."

Exciting New Graphics

Stylish New Alloy Wheels

Classy Tail Light

Attractive Meter Console

ASFS
Advanced swirl flow induction system

The new age ASFS engine delivers better mileage and performance. It creates a perfect swirling motion of air and fuel mixture inside the combustion chamber for faster and improved burning. It extracts the best out of each drop of fuel, resulting in better fuel economy and lower emissions. If you want to make every drop of fuel count and do your bit to conserve the environment, go ahead and ride the ASFS technology.
